

COMMERCIAL CATALOG 2020

THE BLENDTEC DIFFERENCE

Durable, NSF Certified Jar

Lightweight, stackable jars feature an innovative design that increases blending efficiency and reduces overall blending time.

Blunt Safety Blade

Built to last, our blunt blade technology is stronger than traditional blades and without any sharp edges.

Hardened Metal Drive Socket

Unlike other brands with plastic drive sockets that break easily, our steel drive sockets are virtually indestructible.

High-Speed Commercial Motor

A durable, high-speed motor, designed for hundreds of blends a day brings power to high-volume commercial kitchens.

Easy-Clean Interface

User-friendly interface offers one-touch blending for easy clean-up and consistent results.

PRODUCT IMPROVEMENTS

STEALTH BLENDERS

More water resistant than ever before with an upgraded motor mount washer on the blender base, and a newly designed keypad equipped with upgraded materials meant for durability.

Upgraded keypad layout to reduce keypad failure.

Upgraded sound enclosure magnet placements and layout to hold up against being slammed shut and general roughness.

Upgraded display ribbon on the touchpad for added vibration resistance.

DISPENSERS

Reinforced ice hopper motor mounting plate to reduce cracking over time.

Improved hall sensor system that gives more precise and reliable speed control.

Upgraded motor gasket for a better seal and increased water resistance.

An all- new product design now features the seam being located at the top of the alcove to reduce liquid leaking.

Ultrasonic welded magnet retainer for durability if the lid is dropped.

Bigger than ever internal drain tube to reduce the possibility of kinking and clogging.

Introducing **Blendtec inside**, our initiative to equip every dispensing machine with our advanced, commercially tested Blendtec motor. Our motor now runs cooler and longer, giving every machine an extended life cycle.

BLENDERS

STEALTH[®] NITRO X

COMMERCIAL

CQB3 Stealth Nitro X

STEALTH[®] NITRO X

STEALTH TECHNOLOGY HELPS CREATE A CONVERSATION-FRIENDLY ATMOSPHERE

The Stealth Nitro X includes a sleek sound enclosure and proprietary airflow innovations that enable operation at the sound level of a normal conversation.

JARLESS BLENDING, THE FOREFRONT OF INNOVATION

Why waste ingredients when you can have amazingly proportioned drinks and smoothies blended right in the cup you give your customer? The Nitro Blending System minimizes waste, saves time, and increases your profit margin. Each Stealth Nitro X comes with two micronizers and two cup stands.

NBS RINGS

Every unit comes with four standard rings that fit 12 oz., 16 oz., 24 oz., and 32 oz. SOLO cups. Engineered to create a vacuum seal, each ring fits perfectly with its designated cup. Don't use SOLO cups for your business? No problem. The Blendtec team is standing by, ready to make custom rings that fit almost any plastic, paper or metal cup from 12-32oz.

**SOLO[®] is a trademark of the "SOLO Cup Operating Corporation"

MOTOR	1800 Watt, 120V / 240V available
INTERFACE	Illuminated OLED display with tactile keypad
SOUND ENCLOSURE	Fully enclosed, easy-to-clean blending station. Advanced sound enclosure helps blender operate at the sound level of normal conversation.
PROGRAM CYCLES	42 Preprogrammed blend cycles, including 2 for the NBS attachment. Create custom or update included blend cycles via Blendtec's Blend Wizard [™] online tool.
USAGE	Recommended daily blends: 200
DIMENSIONS	H: 17.3" (43.9 cm) D: 9.0" (22.9 cm) W: 8.6" (21.8 cm)
WEIGHT	15.8 lbs (7.2 kg)
CERTIFICATIONS	Conforms to applicable UL and CSA safety standards as well as NSF sanitation standards.

ALL NEW TITAN X MOTOR

Introducing the new Titan X motor from Blendtec - built to be quieter, run cooler, and with a longer life than any motor before it. Internal motor brushes have been replaced with electronics to increase the lifetime of the motor, give more output and torque to make drinks quicker, and use less power. The Titan X is also equipped with dynamic braking, allowing the operator to remove the jar without waiting for the blade to stop spinning. Take advantage of less downtime by cutting out the need to replace machines and make more drinks without overheating - the blender even cools itself without running!

BDI-503

BDI™

THE SMARTEST, SIMPLEST WAY TO CREATE FROZEN DRINKS

Forget the ice scoops and measuring cups. The BDI includes everything necessary for your complete blended drink program. With the touch of a few buttons, employees will quickly and consistently blend dozens of high-margin smoothies, coffee treats, and blended alcoholic beverages.

A GREAT SOLUTION FOR CONSISTENCY AT HIGH-VOLUME LOCATIONS

In a busy foodservice environment, speed and consistency are everything. We designed the super-high-powered BDI to deliver it all at the touch of a button. So employees can focus on serving customers while the BDI does all the work, blending two or more frozen drinks per minute, when making doubles or triples.

BI™

 Dispensetec

BI™

MAKING DELICIOUS DRINKS HAS NEVER BEEN EASIER

The versatile BI combines an ice dispenser, a water dispenser, and a powerful direct-drive Blendtec motor all in one machine. Just add your own product into the jar and place inside. Then with the touch of a few buttons, amazing drinks are created time after time.

YOU SUPPLY THE PRODUCT, THE BI DOES THE REST

The BI will easily dispense cube and crescent ice, as well as water; just add product. The powerful 1800 watt motor eliminates the need to shave the ice before it goes into the jar. The programmed blend cycles create great drinks consistently time after time.

ADD DOZENS OF HIGH-MARGIN MENU ITEMS

Programmable with up to 64 different drink recipes, you can quickly add dozens of profitable blended drinks to your menu while avoiding the trial and error of making consistent drinks.

SELF-SERVE™

OFFER A FULL LINE OF SMOOTHIES

The Blendtec Self-Serve Smoothie Machine makes it possible for you to immediately tap into new revenue streams. Smoothies now have more menu appearances than shakes, and command a higher price point with better margins.

HANDS-OFF, LABOR-FREE

Not only does the Self-Serve produce amazing blended drinks, it also cleans and sanitizes the dispensing lines to keep product flowing properly and producing consistent drinks. Plus, an optional front monitor provides ad space to announce store specials or other promotions.
