

Pulp rectangular containers

BePulp Food Packaging made from bagasse

Sabert BePulp Solutions are a range of innovative natural and recyclable trays of plant origin. Using pulp that comes from fibres of plant origin, natural materials which are both abundant and renewable and without intentionally added PFAS, the entire range of Bepulp food container is home compostable and recyclable.

Our sustainable Bepulp packaging offers many practical options (salad bowl, poke bowl, pasta box, ...). Sabert manufactures both the bases and lids, ensuring optimal lid fit and leak resistance. For multiple usages, you have three lid options : pulp lids (fully recyclable), recyclable rPET lid (for excellent product visibility) & hot resistant PP lid.
